

Over 600 Are Killed in Japan Disasters

By CONRAD FINK

Associated Press Staff Writer

TOKYO (AP)—Leftist cries of government neglect and the smell of funeral incense hung heavily over Japan today as be-beaved families arranged services for more than 600 persons killed in a coal mine explosion and triple train crash.

Socialist and Democratic Socialist politicians seized on the double disaster as a major campaign issue in national parliamentary elections only 10 days off.

The leftist held Premier Hayato Ikeda's conservative government responsible for the tragedies, charging the accidents resulted from the government's "one-sided policy to protect monopolistic capitalist classes" at the expense of workers' lives.

The coal dust explosion in the mine at Omuta, on the southern island of Kyushu, killed 449 miners, injured about 450 and left 7 unaccounted for, the Mitsui Mining Co. said. Police said, however, they had counted 452 bodies.

The train wreck six hours later and 600 miles to the north killed 162 persons, including William Scott, 28, of Colorado Springs, Colo., who was studying in Tokyo. At least 70 were injured.

Two persons were injured today in another train wreck. A slow-moving passenger train rammed another passenger train that had halted half a mile out of the Hiroshima station.

Although the pressure was on Ikeda, the president of Japan National Railways, Reisuke Ishida, said he was accepting full responsibility for Saturday's disaster and would resign.

The pileup near Tokyo was the second three-train crash in 18 months. Japanese rail accidents take an average of 10,000 lives a year.

Both leftist parties announced they would investigate the train and mine accidents independently of the government.

The opposition parties had few concrete issues last month when Ikeda dissolved the lower house of Parliament, he called the election in an attempt to enlarge his Liberal Democratic party's overwhelming majority of 286 seats, compared with a combined opposition total of 154.

Before the tragedies became an issue, the liberal Democrats expressed confidence of winning 300 or more seats in the Nov. 21 election.

Mine union officials at Omuta also said they would press for new demands. The Omuta miners and management have a long history of bitter struggles and one union man said: "This is one disaster that's going to lead to big trouble in labor-management relations."

Bigger Voice for Latins Debated

SAO PAULO, Brazil (AP)—A

hot ministerial debate is looming over a proposal to give Latin members of the Alliance for Progress a bigger voice in the administration of Washington's multibillion-dollar program.

The plan, already approved by U.S. and Latin technical experts, came before top-level representatives of the 20-nation alliance at a conference of the Inter-American Economic and Social Council opening today.

U.S. Undersecretary of State W. Averell Harriman was expected to endorse the plan.

The idea behind the proposed change is to minimize the program's Yankee overtones in an effort to make it more palatable to the recipients. The alliance, developed under President Kennedy's administration, has met stiff resistance from the dominant conservative class in most countries because it calls for reforms that would curtail their privileges.

Strikers to Vote on Wage Offer

OAK RIDGE, Tenn. (AP)—Strikers vote today on whether to accept a 7-cent hourly wage increase and end a 28-day-old walkout at two atomic plants here. The strike has idled 4,500 workmen.

Committees of the Atomic Trades and Labor Council and Union Carbide Nuclear Co. reached tentative agreement Sunday after an all-night bargaining session.

Under the old contract, hourly wage scales ranged from \$2.42 to \$3.41. The council originally asked a 28-cent hike, but scaled its demand to 22 cents.

Coast Guard Defies Cuban Kidnapers

Editor's note—Coast Guard operations off south Florida are mainly concerned with Cuban refugees escaping and raids against the Communist island from this country. Daily air and sea patrols are maintained. An Associated Press staff writer and photographer made one such flight. This is a look at the air patrol.

By JOE MCGOWAN JR.

Associated Press Staff Writer

MIAMI, Fla. (AP)—A slow-moving, unarmed Coast Guard patrol plane defied guns trained on it by Cuban militiamen and scored a major propaganda victory over the Fidel Castro regime.

Photographs taken by the crew of the twin-engine amphibious plane showed the world a Cuban raiding party kidnapping 19 refugees from Anguilla Cay, a desolate British island 40 miles off Cuba's north coast.

Photos showed a Russian-built helicopter on the ground and two Russian-made PT-type boats speeding from the island with the refugees aboard. One photo showed three men in one boat with their automatic rifles aimed at the U.S. aircraft.

Catching the Cubans in the daylight raid is regarded by the Coast Guard's Miami Air Station as the most exciting thing that has happened since Castro came to power.

Search and rescue has been and still is the Coast Guard's primary job. These missions can be tedious. Sometimes they are dangerous.

Since mid-1959, a preponderance of search and rescue missions have been linked in one way or another with the Cuban situation.

In addition, the Coast Guard has been assigned the difficult two-way task of guarding against illegal Castro activities, yet protecting the Communist island from attack by anti-Castro exiles.

To handle the assignment, the Coast Guard has siphoned off men and equipment from its stations around the world and added them to the command of the 7th Coast Guard District, headquartered in Miami.

The district has become the largest Coast Guard operation in the world, said Comdr. James Dillon. Ten high-wing Albatross amphibians, capable of land or sea operation, and three helicopters operate from the air station at Dinner Key.

On March 30, 1963, President Kennedy issued a proclamation against raids on Cuba.

"Since then, we have had a plane in the air at almost all times during daylight hours, and quite often at night," said a Coast Guard officer.

This newsman and photographer Earl Shugars went along recently on Patrol Charlie, a 1,000-mile, 8-hour flight.

Lt. Comdr. W. K. Cooper guided the chubby Albatross aloft in a spray of salt water and leveled off at 500 feet, maximum altitude for the entire flight. Cruising speed was 140 knots.

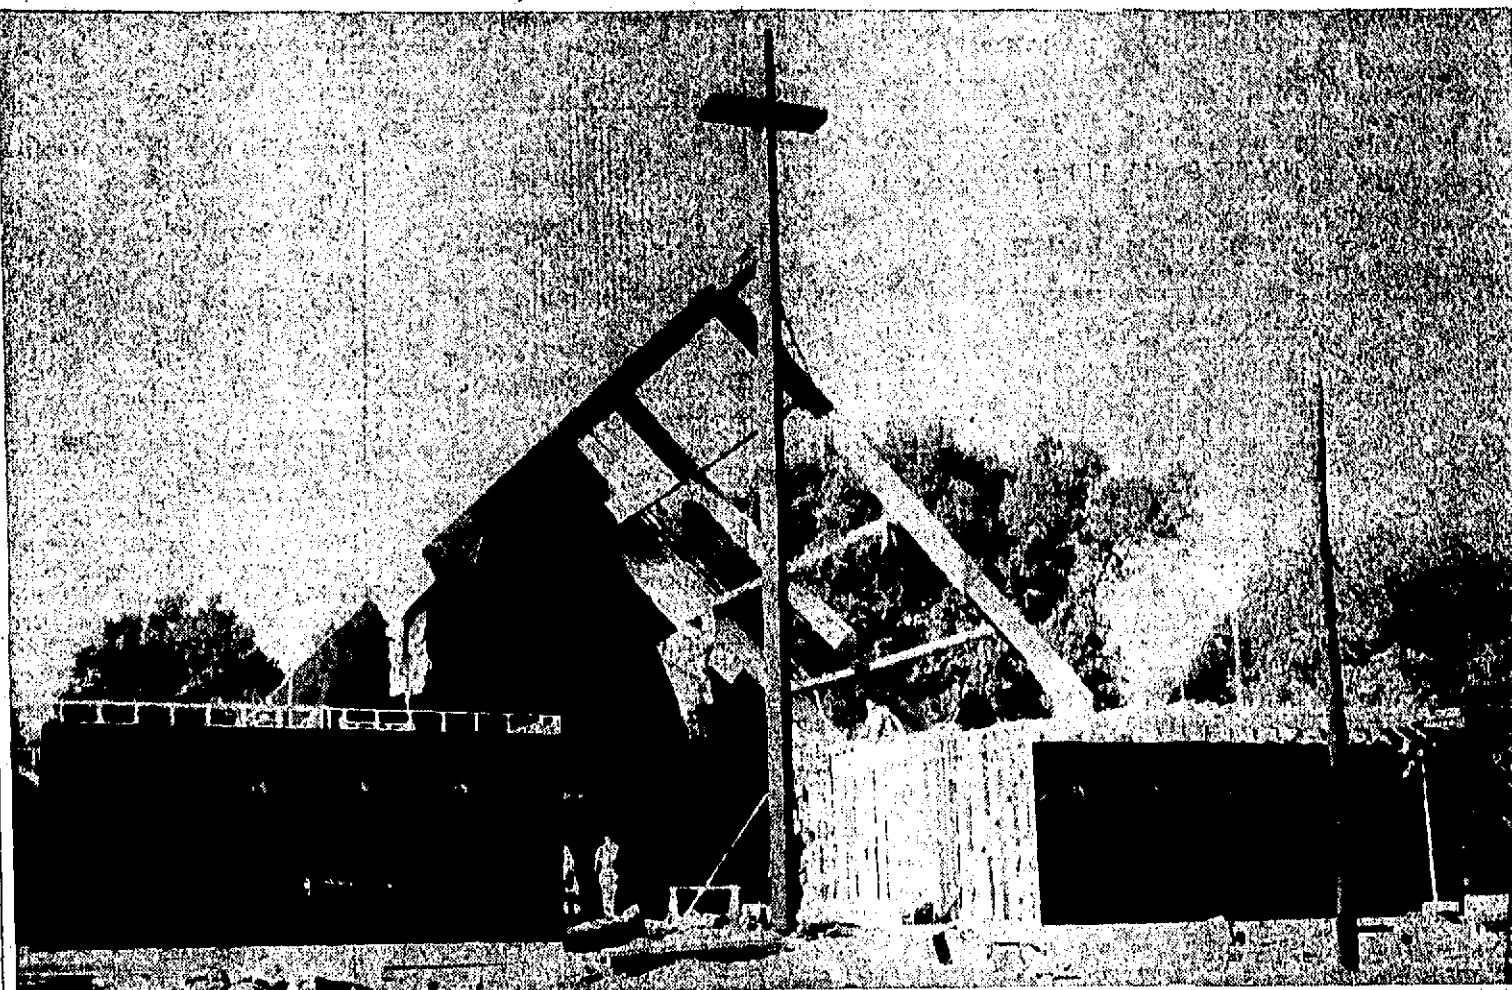

At 500 feet, you can tell a shark from a porpoise, or a pleasure boat from a raiding party, but you're high enough to scan a wide stretch of ocean.

The plane flew south of the Cuban port of Caibarien, where the exile group Commandos L once attacked the Russian merchant ship Baku. The plane turned eastward, keeping just outside the three-mile limit.

At 10:50 a.m., co-pilot Lt. (jg.) E. W. la Croix Jr., sighted two small boats, a few miles east of Cay Lobo lighthouse. The plane dropped to about 50 feet and circled the boats, which were quickly identified as Cuban fishing vessels.

It was late afternoon when the Albatross waddled up the ramp to its parking place in Biscayne Bay.

Amusement Firm Not Responsible

By JOHN R. STARR

LITTLE ROCK (AP)—The Arkansas Supreme Court held today that the sponsor of a rock 'n' roll show is not responsible for injuries suffered by a patron who got into a fight while leaving the show.

The decision reversed Pulaski Circuit Court where a jury had awarded damages totaling \$1,053 to Peter Salater, whose son, Isaac, was hurt in the fight.

Salater filed suit against Twin City Amusement Co. which put on a rock 'n' roll show at Barton Coliseum in Little Rock April 21, 1961.

His complaint said two Negro youths were harassing teenagers in a car driven by Mrs. Joe Felton and that Isaac Salater and some other white boys went to the aid of those in the Felton car.

A fight ensued, then Salater and his companions locked themselves in their car. But, the suit said, the Negroes threw stones at the vehicle, damaging the car, and Isaac Salater received a cut.

The Supreme Court said that this was the first case on this question in Arkansas but it said courts in other states had held that the sponsor of an amusement enterprise is required only to exercise reasonable care in the protection of its patrons.

The court said Twin City apparently exercised reasonable care by hiring 10 off-duty policemen and firemen to patrol the show area and could not be held responsible for the "sudden, unexpected and unforeseeable affray."

It said Circuit Judge Guy Amsler should have directed a verdict for Twin City because there was no question to be submitted to a jury.

Justice Ed McFaddin dissented, contending there was enough question about negligence for jury consideration.

Justice Sam Robinson did not participate in the five to one decision.

Fire Destroys Hammons Home

The home of Mrs. Foy Hammons

caught fire and burned to the ground early Sunday. Everything, including the contents, was lost.

Hope firemen were called to the house, some four miles east at Rocky Mound, but the two-story frame building was completely engulfed by the time they arrived. Firemen kept the blaze from spreading to fields and woods in the area, taking out three tank loads of water.

The Hammons family barely escaped and couldn't save a thing. Origin of the blaze couldn't be determined.

Foreign Aid to Be Taken Up by Congress Tues.

By JOHN CHADWICK

Associated Press Staff Writer

WASHINGTON (AP)—Congress took today off in observance of Veterans Day, but a third week of battling over foreign aid legislation will get under way in the Senate Tuesday.

Senate leaders hope to steer the buffeted foreign aid authorization measure to passage before the end of the week. It already has been cut back to \$3.7 billion, compared to the \$4.5 billion asked by President Kennedy.

The House also will meet Tuesday, but under an agreement not to transact business.

On Wednesday, it is to take up a bill to continue Peace Corps operations and the next day an international agreement to stabilize coffee prices and production.

The Senate Investigations subcommittee, is expected to question Texas promoter Billie Sol Estes Tuesday about his deal.

\$200,000 in Gems Taken in New York

NEW YORK (AP)—A \$200,000

gem theft was reported to police Sunday night, two days after the nation's biggest jewel robbery—a badly bungled \$3-million stickup here.

Real estate man Emanuel Simon and his wife told police jewelry valued at about \$200,000 was taken from a bedroom closet in their East Side Manhattan apartment during the weekend.

The loot included a 24-carat diamond ring that Simon said was worth \$35,000. He said he believes almost all of the missing pieces were insured. They belonged to Mrs. Simon.

Police, seeking a more specific figure for what they estimate was a \$3-million gem robbery Friday, have asked the victimized jewelers to show up at a precinct station today to give an accurate accounting of the loot.

A band of gunmen, two in police uniforms and three wearing Halloween masks, stopped a jewelry messenger service car carrying six unarmed guards and relieved them of gems plus eight gold bars weighing 15 pounds each.

The messenger service station wagon, found abandoned a few hours later, contained most of the loot, including the gold bars.

SS Attendance Record Is Set

Some kind of record was set

for attendance at the Century Bible Class of the First Methodist Church, Sunday. There were 434 present to hear Gov. Orval Faubus bring the lesson. Several of the women's classes joined the already-large men's class to hear the Governor speak. Another lay speaker, Charles Shively of North Little Rock, brought the message at the morning worship service, where veterans sat in a body with their families in recognition of Veterans Day.

Coliseum Blast Caused by Gas Stove

INDIANAPOLIS (AP)—The

death toll in the Fairgrounds Coliseum blast—now blamed on leaking gas ignited by a small household heater—has jumped to 71.

Mrs. Cecile Hoffer, 72, Indianapolis, died in Methodist Hospital today of injuries suffered in the explosion. Her husband was killed in the blast.

Mrs. Elenora M. Ricketts, 81, Indianapolis, died in Methodist Hospital Sunday night of injuries suffered in the Halloween night disaster—the worst in Indiana history.

The woman was one of 385 persons injured in the violent explosion that ripped pino-sized chunks of concrete from a box-seat section and hurled them into the air along with spectators' bodies. A Holiday on Ice revue was beginning its finale when the blast struck.

Charles P. Hill, fire prevention chief, said Sunday that liquid petroleum gas spilling from a tank and ignited by a small heater apparently caused the explosion.

Balloon Landed in Wrong Place

OLATHE, Kan. (AP)—A hot-air balloon made a 45-minute flight over Johnson County Sunday and landed on Jack W. Meyers' sod farm.

Persons in about 10 cars followed the slow-moving balloon. They opened a gate and drove other Meyers' bluegrass sod to the landing site.

Meyers, irate at the damage to his crop of sod, locked the gate and demanded \$10 each from the drivers before he would let them out of the field. They paid.

Charles P. Hill, fire prevention chief, said Sunday that liquid petroleum gas spilling from a tank and ignited by a small heater apparently caused the explosion.

Hill said key pieces to the cause of the blast came from Wilbur W. Gauthier, 54, who directed vendors selling popcorn and soft drinks to the ice show crowd.

Gauthier, critically injured by the explosion, had been unable to speak with investigators until Sunday.

He reported seeing three liquid petroleum tanks in a room where pop-corn was kept warm until it could be boxed.

Suddenly there was a hissing sound, Gauthier related. As he walked to the popcorn bin, one of the unconnected tanks toppled, falling to the floor on its side.

Gauthier said when a mist started enveloping the fallen tank, he yelled for everyone to get out and headed toward the tank to shut off the valve. The explosion stopped the concession manager's effort.

Tribute Paid Over Nation to War Dead

By FRED S. HOFFMAN

Associated Press Staff Writer

WASHINGTON (AP)—President Kennedy, himself a Navy combat veteran, today honors hundreds of thousands of Americans who died in war and more than 22 million living veterans.

Kennedy arranged to lead the nation's 10th Veterans Day celebration by laying a wreath at the Tomb of the Unknowns in Arlington National Cemetery.

The ceremony was set for 11 a.m. (EST), the hour the guns stopped firing along World War I's Western Front just 45 years ago.

Gen. David M. Shoup, retiring Marine commandant who won the Medal of Honor in World War II, was chosen to deliver the chief address after Kennedy lays the traditional wreath before an honor guard from all the services.

In his brief prepared speech, Shoup deplored that although man has made great strides in science and space he "has not yet learned to live in enduring peace with his fellow men."

But, the Marine leader cautioned: "We cannot practice the deception that somehow, without alertness and conscious effort on our part, an everlasting panacea may develop which will abolish for all time man's oldest plague—war."

Shoup said "the invisible spirits of these thousands of gallant Americans" buried in Arlington have this hope:

"That some day there will be a meeting at the summit which shall become as everlastingly important to humanity as the Sermon on the Mount."

Once known as Armistice Day because it commemorated the end of World War I, the holiday was broadened in 1954 to honor those who fought in all the nation's wars.

According to official figures, there are 22,127,000 living U.S. war veterans—including 23 men in their 90s who fought in the Indian wars of the West.

Kennedy, who still suffers the effects of a back injury he suffered in the Pacific in World War II, planned to come to Arlington from a weekend in the Academy.

40% More Students in College in '65

By G. K. HODENFIELD

AP Education Writer

CHICAGO (AP)—Why college presidents get grey:

There will be 40 per cent more high school graduates in 1965 than there were in 1963.

A larger percentage of those graduates will go on to college.

Ninety percent of the American public believes all boys should go to college, 77 per cent believes all girls should.

National defense and space science threaten to dominate the campus scene, at the expense of the humanities and arts.

These facts, figures and opinions are being discussed at the annual meeting of the Association of State Universities and Land-Grant Colleges. The 97 institutions represented enroll 27 per cent of all the nation's college and university students.

William C. Eckerman of the University of Michigan told the meeting Sunday night a national survey indicates 96 per cent of the public believes a college education is more important now than it was 30 years ago.

But, he said, 72 per cent believe the most important thing about such an education is "training for a good job." The next most often quoted reasons for going to college were "social acceptance" and "getting to know the right people."

The survey, by Michigan's Survey Research Center is still under way. Final tabulations will be reported next summer.

Even those who approve of college education in general had some criticisms, Eckerman said.

The criticisms most often heard are that college education may create snobs, make youngsters think they are getting something for nothing and may tend to make them adopt radical ideas or break down their standards of morality.

NEW DELHI (AP) — Crown Prince Thondup Namgyal of the Himalayan state of Sikkim was quoted by a New Delhi newspaper as saying his wife, the former Hope Cooke of New York, is expecting a child next February or March.

The Indian Express said today the 40-year-old prince dis-

closed the news during a visit to New Delhi last week.

The couple married last March in a Buddhist ceremony at the mountaintop palace of Sikkim's royal family. The bride, now 23, had just graduated from Sarah Lawrence College in New York.

ROME (AP)—More than 1,000 prelates of the Roman Catholic Church crowded into the basilica of St John Lateran as Pope Paul VI took formal possession of the cathedral church which is his see as bishop of Rome.

Present at the solemn ceremony were 51 cardinals, 5 patriarchs and 1,200 bishops and

Three Sunday Deaths Add to State Toll

by THE ASSOCIATED PRESS

Three deaths Sunday brought to 14 the total number of persons who died violently in the state during the past week.

Nine persons died in traffic accidents, one in a shooting, one in the explosion of an oil tank, one in a fire and another by drowning.

Bill Conn Bridges, 21, a Negro of Blytheville Air Force Base, was killed Sunday night in a head-on collision one mile south of Blytheville on U.S. Highway 61.

State Trooper Gilbert Mann said Bridges car crossed the center line and collided with a car driven by Gilbert Lander, 31, also of Blytheville Air Force Base. It was not known if Lander was injured.

Harley R. Walker Jr., 22, of Houston, Tex. was killed early Sunday when his car overturned on state Highway 112, a mile north of Fayetteville.

Corrie M. Meeks, 60, of Little Rock died early Sunday when his bed caught fire at his Little Rock residence.

Thousands of Romans lined the street to cheer the pontiff.

NEW YORK (AP)—Sen Clifford P. Case, R-N.J., says he would be a favorite son candidate for the 1964 Republican presidential nomination—"if everyone said, 'Please do it'."

In an interview, Case said he didn't think New Jersey needed the favorite son play at the nominating convention "but if everyone understanding this asked me to do it, for the purpose of convenience, I certainly would not regard it as something I ought to turn down."

Case said Gov. Nelson A. Rockefeller is the kind of man the Republicans should nominate, but added that he is not "Gov. Rockefeller's man in New Jersey."

BRUSSELS, Belgium (AP)—Foreign Minister Paul-Henri Spaak of Belgium has been awarded the golden medal with crown of the American Legion.

Helmut Isenberg, vice commander of the legion in France, presented the medal to Spaak at a ceremony in Brussels.

News of the Day in Washington

Today in Washington By THE ASSOCIATED PRESS

WASHINGTON (AP)—In the news from Washington: OTEPKA: Two of three State Department officials who have acknowledged that the telephone wiring in Otto F Otepka's office was rigged for eavesdropping will go on "administrative leave" Tuesday.

Meanwhile, the department has launched an inquiry into the incident and said it will move as promptly as possible. Going on indefinite leave, depending on the termination of the inquiry, a department source said Saturday, are John F. Reilly, deputy assistant secretary of state for security, and Elmer Dewey Hill, chief of the division of technical services in the department's office of security.

They and David I. Belisle, Reilly's special assistant, have told the Senate Internal Security subcommittee that wires were connected to Otepka's telephone to permit eavesdropping on conversations.

They also said no actual interception of conversation took place.

Otepka, a veteran State Department security officer, has been dismissed on charges of unbecoming conduct. Among other things he was accused of supplying the subcommittee with information from confidential employee loyalty files.

PLANE PRICE: It will cost Australia an estimated \$125 million to purchase two squadrons of TFX fighter-bombers from the United States.

In calculating the approximate price Sunday, the Defense Department said the Australians will foot part of the development costs as well as production expenses.

The TFX—tactical fighter, experimental—is still on the drawing boards. Australia intends to purchase 24 of the planes, which will carry the designation F111A.

RED TRADE: Sen Jacob K. Javits thinks the United States should expand its trade with the Soviet bloc in nonstrategic goods.

And in so doing, says the New York Republican, the United States should coordinate its policy with that of other non-Communist nations already doing business with Russia.

Javits made the remarks Sunday in a program taped in Paris and relayed to New York state for radio and television broadcast.

ATLANTA (AP)—Non-farm employment in the Southwest was at a record high in September, the Bureau of Labor Statistics said today.

Arkansas, Oklahoma and Texas had all-time high levels of employment, while the total in Louisiana was only 200 below the record.

Arkansas gained 4,300 employees September this year over August. Oklahoma 3,600, Texas 12,300 and Louisiana 7,200.

The four-state regional total of 4,570,400 was 27,400 above August and 97,800 above last September.

Texas led in over-the-year gains, with 78,800 additional workers. The state was followed by Louisiana, with 11,200, Arkansas with 6,400 and Oklahoma with 3,400.

The biggest factor in the August-September gain was the return of non-teaching school personnel to work at the beginning of a new school year.

There was a total September over August gain of 28,800 in government employment; 5,000 in manufacturing, trade, 3,000 and transportation and public utilities 800. A decline of 1,600 in contract construction was noted. 2,000 in mining, 2,800 in finance, insurance and real estate and 3,800 in services. All decreases were termed seasonal.

Only mining and transportation and public utilities failed to show a 12-month increase. This continued a long-term trend.

The increase of 5,000 in manufacturing employment between August and September was primarily a result of gains of 2,900 in transportation equipment (auto) assembly and 3,200 in food processing (late summer crops).

The average workweek of factory production workers was 41.7 hours in September, compared to 41.6 in August and 41.9 last September.

Gross average hourly pay increased four cents to \$2.28. Over the year, the rise in pay for the Southwest amounted to seven cents, the same as for the nation. The weekly pay increase was \$2.28, compared to \$2.61 for the whole country.

Non-agricultural employment for major cities, by September this year, August this year and September 1962, was: Fayetteville 15,900, 15,500 and 15,600; Fort Smith 29,100, 28,600 and 28,100; Little Rock, 89,900, 89,200 and 88,500 and Pine Bluff 19,200, 18,900 and 19,000.

Manufacturing employment, by the same breakdown, was listed as: Fayetteville 4,700, 4,600 and 4,700; Fort Smith, 10,700, 10,700 and 10,600; Little Rock 17,800; 17,400 and 16,200 and Pine Bluff, 5,200, 5,400 and 5,400.

The breakdown for the state as a whole: Non - agricultural: 414,500, 410,200 and 408,100; manufacturing, 118,117,100 and 115,700.

Workers Trying to Recover Body

RINGWOOD, N.J. (AP)—Work crews today begin the dangerous task of trying to recover the body of a youth who was hurled to the bottom of an abandoned mine shaft in an earth slide.

Police said the victim, Harry Van Dunk, 15, of Ringwood, was playing with two friends Sunday near the rim of a slope leading to the shaft when the earth, loosened by rains, began to slide. The other youths, Aron Milligan, 11, and Randall Milligan, 13, scrambled to safety.

Van Dunk was thrown backward and down the 100 - foot shaft. Police estimated he was buried by 200 tons of muck.

Seek Cause of Forced Landing

SHREVEPORT, La. (AP)—Investigators are trying to find out what ripped one engine from a four-engine jet airliner carrying 128 persons, forcing an emergency landing.

Pilot Mel H. French of Huntington Station, L.I., said the Eastern Airlines DC8 ran into the worst turbulence he had ever encountered shortly after takeoff from Houston Saturday.

Flying at 20,000 feet, the plane suddenly was caught in a violent downdraft and dropped nearly three miles in about 12 seconds.

Passengers with seat belts unfastened were pushed against the ceiling where they remained helpless until the pilot regained control and leveled off around 6,500 feet.

Dr. M. C. Elroy of Philadelphia said he fell back into his seat by a window just in time to see the wing vibrating violently and the nearest engine rip away. The starboard engine struck the tail stabilizer, denting it, and disappeared.

A search was under way for the engine about 45 miles southwest of Houston.

The plane was en route from New York to Mexico City. The incident occurred about 10 minutes out of Houston.

Capt. French said he landed at Barksdale Air Force Base here, because of its crash-landing equipment. Shreveport is about 225 miles northeast of Houston.

The plane landed after circling the base about 30 minutes to use up fuel.

More than two dozen were sent to the base and Shreveport hospitals for examination. Another airliner took the other passengers to their destinations.

Only two remained in the hospital until Sunday night.

HUSBAND 90 PER CENT GOOD, BUT—

By Helen Worden Erskine

Dear Helen: Three years ago I went to work nights. My husband, saying he was lonely, started phoning a divorcee with three children. One thing led to another and he began staying out till five a.m. I surprised him in her apartment and after two weeks of wrangling, threw him out.

After four weeks exile he promised to be good so I took him back. Things went fine for 14 months then, on our 15th wedding anniversary night, he sauntered in at 12:30 a.m. saying he'd stopped for a couple of beers. When I pointed to lipstick on his collar he shouted I was nuts. Now I have no faith in him.

He's about 90 per cent good and 10 per cent bad. I am a good wife but the man I married is a stranger to me, despite the fact that I've borne him two children. I'm thinking of divorce. Is there any hope otherwise? —Too Forgiving, Willmar, Minn.

Dear Too: Instead of divorcing your husband, why don't you divorce your job? He was telling the truth when he said he called up the divorcee out of sheer loneliness.

Neither you nor your husband seem as concerned about your children as you are with yourselves. They are both at a vulnerable age where a good relationship between their mother and father is more important than the kind of security any

added income can bring. Your responsibility to them should be the motivating factor.

It seems to me that your husband's 90 per cent good is well above average. Maybe if you concentrate on what is commendable about him instead of on what is not, his good side and yours will show up to greater advantage. Celebrate this, our old Armistice Day, by giving him a word of praise, along with a good dinner.

Dear Helen: I am a 13-year-old girl whose mother and father work. They come home tired and crabby. The only time my sister and brothers talk to me is to hawl me out. They want to move to town but I'd like to stay here on the farm. We constantly argue about that. I used to have friends — boys and girls—but no longer.

Now I spend all of my time with my three-year-old horse. She's everything to me. Please help me stop from being lonely. I miss my school friends and most of all the love of my parents. —Lonely

Workers Trying to Recover Body

RINGWOOD, N.J. (AP)—Work crews today begin the dangerous task of trying to recover the body of a youth who was hurled to the bottom of an abandoned mine shaft in an earth slide.

Police said the victim, Harry Van Dunk, 15, of Ringwood, was playing with two friends Sunday near the rim of a slope leading to the shaft when the earth, loosened by rains, began to slide. The other youths, Aron Milligan, 11, and Randall Milligan, 13, scrambled to safety.

Van Dunk was thrown backward and down the 100 - foot shaft. Police estimated he was buried by 200 tons of muck.

Seek Cause of Forced Landing

SHREVEPORT, La. (AP)—Investigators are trying to find out what ripped one engine from a four-engine jet airliner carrying 128 persons, forcing an emergency landing.

Pilot Mel H. French of Huntington Station, L.I., said the Eastern Airlines DC8 ran into the worst turbulence he had ever encountered shortly after takeoff from Houston Saturday.

Flying at 20,000 feet, the plane suddenly was caught in a violent downdraft and dropped nearly three miles in about 12 seconds.

Passengers with seat belts unfastened were pushed against the ceiling where they remained helpless until the pilot regained control and leveled off around 6,500 feet.

Dr. M. C. Elroy of Philadelphia said he fell back into his seat by a window just in time to see the wing vibrating violently and the nearest engine rip away. The starboard engine struck the tail stabilizer, denting it, and disappeared.

A search was under way for the engine about 45 miles southwest of Houston.

The plane was en route from New York to Mexico City. The incident occurred about 10 minutes out of Houston.

Capt. French said he landed at Barksdale Air Force Base here, because of its crash-landing equipment. Shreveport is about 225 miles northeast of Houston.

The plane landed after circling the base about 30 minutes to use up fuel.

More than two dozen were sent to the base and Shreveport hospitals for examination. Another airliner took the other passengers to their destinations.

Only two remained in the hospital until Sunday night.

sas with 6,400 and Oklahoma with 3,400.

The biggest factor in the August-September gain was the return of non-teaching school personnel to work at the beginning of a new school year.

There was a total September over August gain of 28,800 in government employment; 5,000 in manufacturing, trade, 3,000 and transportation and public utilities 800. A decline of 1,600 in contract construction was noted. 2,000 in mining, 2,800 in finance, insurance and real estate and 3,800 in services. All decreases were termed seasonal.

Only mining and transportation and public utilities failed to show a 12-month increase. This continued a long-term trend.

The increase of 5,000 in manufacturing employment between August and September was primarily a result of gains of 2,900 in transportation equipment (auto) assembly and 3,200 in food processing (late summer crops).

The average workweek of factory production workers was 41.7 hours in September, compared to 41.6 in August and 41.9 last September.

Gross average hourly pay increased four cents to \$2.28. Over the year, the rise in pay for the Southwest amounted to seven cents, the same as for the nation. The weekly pay increase was \$2.28, compared to \$2.61 for the whole country.

Dear Lonely: It is lonely be-

ing 13 — for everyone, as you will find out when you are older and start recalling this age with your adult friends. Still, you seem to be lonelier than most. I'm sure your parents love you, but at the moment they appear to be too enmeshed in their own troubles to think about what they are doing to you. It is sad but true that we often display our worst feelings with those we love most, knowing how strong the bond between us is and what a lot of pulling it would take to break it.

You do not say why you no longer have friends. Are you still in school? Is there a teacher or a neighbor to whom you could talk?

The horse sounds like a wonderful help. A lot of young people get through these difficult years with the good friendship of animals and books.

Why don't you approach one or both parents when they seem relaxed, and tell them your feelings just as you expressed them in your letter? I'm sure they will be shocked to realize that they unthinkingly have been giving you such a bad time. Send a stamped, self-addressed envelope for my leaflet,

“Don't Be Lonely.”

Dear Helen: I feel like a glass bowl that's been broken into a thousand pieces. My husband didn't give me anything for my birthday; me who waits on him and our four children hand and foot! It was the same on Mother's Day and our anniversary. Silence! He says he loves me but if he did, would he have forgot all these important occasions? Maybe I'm being silly but it hurts very deep inside not to have somebody you love care as you do. —Heartbroken

Dear Heartbroken: Your husband can still be very much in love with you and overlook these, to you, important occasions. If he is a satisfactory husband in other ways, try to overlook these small occasions of thoughtlessness. He says he loves you, so why not believe he cares as much as you do? Emphasize the positive.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self

McHan Leads 49ers to a 31 to 24 Win

By MIKE RATHET
Associated Press Sports Writer

You're Cleveland quarterback Frank Ryan. You're leading 7-0 in the third quarter, but it's second down with the ball on your own three-yard line. What do you do?
Sure. You give it to Jimmy Brown.

Well, you, Ryan, Brown and Coach Blanton Collier agree. So does Pittsburgh linebacker Bob Schmitz, who diagnosed the pitch-out, knifed through and slammed Brown to the ground for a safety that propelled the Steelers to a 9-7 victory over Cleveland Sunday in the top upset on the National Football League program.

"Ryan had one chance to call the play," said Collier. "I think it was called right. You should be able to execute a play anywhere on the field."

"I just got trapped in the end zone," said Brown, "that was all."
That was all for Cleveland. Pittsburgh took it from there, and scored the clinching touchdown in the fourth quarter on a nine-yard pass to Gary Ballman, a reserve receiver scoring his first touchdown in two years of NFL play.

The loss dropped the Browns into a first-place tie in the Eastern Conference with the New York Giants, who brought their record to 7-2 as Y. A. Tittle passed for three touchdowns in an easy 42-14 triumph over Philadelphia.

Green Bay and Chicago, meanwhile, remained in a tie for the Western Division lead with 8-1 records. The whole issue may be settled when the two teams meet Sunday in Chicago.
The Packers broke a 7-7 tie in the second half as John Rache passed for two of his three touchdown passes and a 28-7 victory over Minnesota. The Bears ran into even more difficulty, edging Los Angeles 6-0 on

With the current fiscal year now in its fifth month, the House Appropriations Committee is expected to bring out multi-billion-dollar military construction and public works bills.

The Senate Appropriations Committee has scheduled a meeting for Wednesday to act on a House-passed bill carrying over \$13 billion for 26 government agencies. Included in the measure are funds for the civilian space program.

The Senate Finance Committee will continue its hearings on the \$11 billion tax cut bill, but it will have to interrupt them before the end of the month to act on a measure passed by the House last week to raise the debt ceiling temporarily to \$315 billion.

A week from Tuesday the Senate Investigations subcommittee will resume its hearings into the TFX warplane contract award.

two field goals by Roger LeClerc.

St. Louis rode three touchdown passes by Charley Johnson to a 24-20 victory over Washington, San Francisco's Lamar McHan hit for three scoring strikes in a 31-24 triumph over Dallas and Jim Martin's field goal proved the difference as Baltimore edged Detroit 24-21.

In the American League, San Diego edged Boston 7-6 and Houston defeated New York 31-27. Buffalo beat Denver 27-17 Saturday night.

A record crowd of 54,497 turned out at Pittsburgh for the Steelers-Browns clash. Cleveland scored first, moving ahead 7-0 in the second period when Ryan fired a four-yard touchdown pass to Gary Collins. Then Brown, who was held to eight yards in the second half after gaining 92 in the first, was caught in the end zone.

Title completed 16 of 20 passes for 261 yards before rookie Glynn Griffing took over for the Giants and added to the Eagles' misery with a 22-yard TD toss to Del Shofner.
Roach pulled the Packers into a halftime tie on a 12-yard touchdown pass to Marv Fleming after the Vikings had pulled ahead on Fran Tarkenton's 18-yarder to Paul Flatley. With Jim Taylor being held to 37 yards in 18 carries, Roach went to the air in the second half and clinched it with two TD tosses—20 yards to Boyd Dowler and 45 to Tom Moore.

The Bears completely contained the Rams, holding Los

Lakers Tune Up for Hard Road Trip

LOS ANGELES (AP) — The Los Angeles Lakers tuned up for a rugged road trip by handing the New York Knicks a 104-79 pasting in National Basketball Association play Sunday night.

It's a good thing the victory was no strain because, counting Sunday night's game, the Lakers will play seven times in eight days. They won't be back on the home court until Nov. 16.

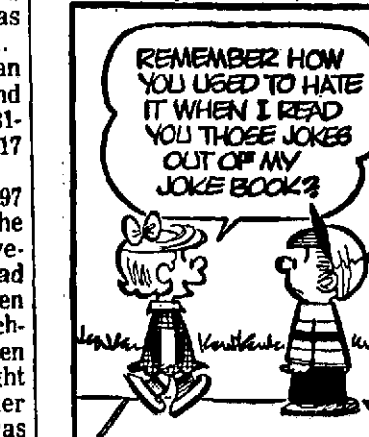

Los Angeles, now at the top of the Western Division heap, with a 7-3 record, meets Detroit at Minneapolis tonight. Detroit is 2-6.

Laker Coach Fred Schaus cleared the bench in Sunday's night's contest as his team outran the Knicks in the second half.

Elgin Baylor with 21 points, Jerry West with 18 and Dick Barnett with 16 led the Lakers. Boston entertains St. Louis in the only other NBA game tonight.

Saturday night's action saw Cincinnati take Detroit 118-109; Baltimore down Philadelphia 116-100; Boston beat St. Louis 113-91 and New York edge San Francisco 89-84.

Ann Kenyon: Surgeon

THE STORY: Because Ann Kenyon treated an injured child in an emergency at Ledbie Memorial Hospital, she has been offered a position on the staff. Ann has promised to think over the offer.

CHAPTER XIII

Ann was still trying to conjure the picture when Dr. Clyde asked, "Have you told Pete?"

"I haven't seen him since early morning."

"I don't think he knows."

Her surprise was showing. Ann knew. "Oh, but—"

"We had that gall bladder right after the appendectomy, Ann, and Helen had left the hospital when we came out of the o.r." He shook his head.

"Unless she called him, and I don't think she did. It would have been all over the hospital by now, the way Bessie at the switchboard eavesdrops. The same way half the town probably knows by now that Doc Lyle said in that lofty way of his, 'Fisher? Would that be Ben Fisher's daughter?' when Mrs. Conover called him this morning."

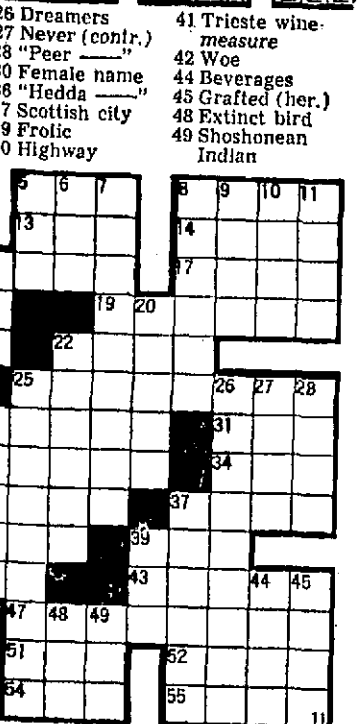

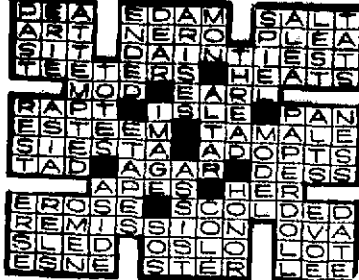

Shocked disbelief caught in Ann's throat. "Dave!"

"And don't say didn't he know Helen was involved. A patient is a patient to Mattie Con

Texas Wins Big One, Porkers Lose to Rice

By TED MEIER
Associated Press Sports Writer

Oh, those things college football coaches say before a game. Darrell Royal, coach of the country's top-ranked Texas Longhorns, said before the Baylor game Saturday "I just don't know if we lack the killer instinct or what, but by not scoring in the second half we've had to sweat out some games we thought we had wrapped up."

Result: The Longhorns tallied in the second half to beat Baylor 7-0 for their eighth straight victory. They became the country's only major unbeaten, united team as Princeton and Auburn fell by the wayside.

Now Royal says "I am still scared" of the Texas Christian Horned Frogs who play the Longhorns this Saturday. In a similar situation in 1961 the Horned Frogs pulled a 6-0 upset and knocked Texas out of the No. 1 ranking in The Associated Press poll.

"I think that victory will help Texas Christian this time," Royal said in expanding on his "I am scared" theme. "Winning one like that makes you confident that you can do it again." Perhaps, but TCU lost to Louisiana State Saturday 28-14.

One thing at least seems certain. Royal will stick to his "three yards and a cloud of dust" style of play. The Longhorns ground out 242 yards by rushing against Baylor and showed a "killer instinct" in rushing Don Trull, the nation's leading thrower, whenever he faded back to pass.

Trull did complete 19 of 39 for 204 yards, but he was hurried on most every throw. And he suffered a vital interception in the last 29 seconds when Duke Carlisle, the Texas QB, grabbed the ball out of the hands of Baylor's Lawrence Elkins in the end zone.

Carlisle also passed for 16 yards and ran for 16 in Texas' touchdown drive in the third period. Tom Stockton bucked over from the one to complete the march and virtually assure the Longhorns the SWC title and a berth in the Cotton Bowl.

Mississippi State toppled fifth-ranked Auburn from the unbeaten, untied ranks on Justin Canzale's 36-yard field goal with 22 seconds left, 13-10. Harvard spoiled Princeton's perfect slate with a 21-7 upset.

Illinois and Ohio State, ranked in the Top Ten, also took it to the chin. Illinois, No. 2, went down before Michigan, 14-8, and Ohio State, No. 10, fell before Penn State's Mitty Lions, 10-7, on a 23-yard field goal by Ron Cates.

The others in the top ten won impressively. Mississippi, No. 3, trampled Tampa 41-0; Navy, No. 4, crushed Maryland 42-7; Oklahoma, No. 6, whipped Iowa State 24-14; Pitt., No. 8, walloped Notre Dame 27-7; and Michigan State, No. 9, blanked Purdue 23-0, to take the lead in the race for the Big Ten title and the Rose Bowl. Alabama, No. 7, had an open date.

Washington took a firmer grasp on the Rose Bowl berth by whipping California 35-26; Army pulled out an 8-7 victory over Utah on Rllie Stichweil's two-point conversion in the last quarter; Georgia Tech defeated Florida State 15-7 and Memphis State, the major independent leader with a 7-0-1 record, blanked South Carolina 9-0.

Nebraska bounced back after a 99-yard TD run by Kansas' Gale Sayers to whip the Jayhawks 23-9; North Carolina lost to Clemson 11-7; N.C. State beat Virginia Tech 13-7; Southern California came from behind to defeat Stanford 25-11; Syracuse nipped West Virginia 15-13 and Wisconsin took Northwestern 17-14.

Howe Tallies to Set a New Record

DETROIT (AP) — Gordie Howe and the Detroit Red Wings ended two long weeks of frustration Sunday when the All-Star right winger scored a record-setting 54th career goal in a 3-0 National Hockey League victory over Montreal.

Howe's goal, the third scored in the second period by the Red Wings, came with Detroit's Alex Faulkner in the penalty box. The crowd of 15,027 rose to its feet when the red light went on behind Montreal goalie Charlie Hodge and gave Howe a seven-minute ovation.

The goal broke the record of Montreal's Maurice (The Rocket) Richard, who had 544 in 18 NHL seasons. Howe currently is in his 18th season.

Howe tied Richard's mark two weeks ago against the Canadiens. Since that time, the Red Wings were able to win only one of five games—that a 1-0 triumph over New York last Thursday.

While Howe was getting all of the attention for his goal, Detroit goalie Terry Sawchuk quietly moved into a tie for most career shutouts (94) with

Shoats in 37-0 Win Over Wichita

LITTLE ROCK (AP)—Arkansas' bold Shoats mesmerized Wichita's Freshmen and slashed to a 37-0 football victory in Little Rock Saturday night.

Ronnie South completed three passes for 71 yards and scored a touchdown on a one-yard dive and Larry Watkins carried 11 times for 93 yards and two touchdowns to pace the fourth straight Arkansas triumph.

Other Shoat points came when Tommy Trantham tackled a Wichita punter in the end zone for a safety, Mike Jordan banged two yards for a touchdown and Jim Cole recovered a Wichita fumble in the end zone for another touchdown.

The Shoats ground out 400 yards total offense but sustained 116 yards in penalties. South spurred the triumph with his signal calling, passing, running (three carries for 19 yards), extra point kicks (three points) and punts (of 46, 50 and 60 yards for an average of 52 yards per kick).

Wichita finished with a minus 14 yards rushing.

former Toronto and Montreal netminder George Hainsworth. Skawchuk also has 10 shutouts in Stanley Cup play.

The game was one of two played in the NHL Sunday. In the other one, Boston ended Chicago's 11-game unbeaten streak with a 4-2 victory. The last-place Bruins got 43 shots at reserve goaltender Dennis DeJordy, who was pressed into action because Glenn Hall was sidelined with a stomach disorder.

Bobcats Drop Back to 9th in State Poll

By THE ASSOCIATED PRESS

There was no doubt in voters' minds this week who should be the top five teams in the Associated Press Arkansas high school football poll.

Pine Bluff, Fort Smith, Texarkana, Little Rock Hall and North Little Rock were rated 1-2-3-4-5 on every ballot.

Pine Bluff's Zebras, No. 1 for the past several weeks, again got all first place ballots, and it's now getting to be a habit.

Fort Smith and Texarkana have been rated 2-3 in the poll for several weeks, too.

Little Rock Central, which meets Pine Bluff this Friday night, is sixth. El Dorado beat Blytheville and jalled down seventh place, and the Chicks got eighth.

Hope of Region 4AA was the first Class AA team to break the Big Ten Conference hold on the poll, and Magnolia of Region 4AA got the 10th spot.

Results of the poll, with first place votes in parentheses, and total points at right:

1. Pine Bluff (8) 80
2. Fort Smith 72
3. Texarkana 64
4. Little Rock Hall 56
5. North Little Rock 48
6. Little Rock Central 31
7. El Dorado 23
8. Blytheville 22
9. Hope 17
10. Magnolia 15

Others receiving votes, in order: Blytheville, Warren, Benton, Conway.

Oilers and Chargers Post Wins

By JIM BECKER
Associated Press Sports Writer

It was George Blanda's week to throw to his teammates.

The veteran quarterback of the Houston Oilers escaped without an interception while completing 19 passes against the New York Jets, and added a vital field goal in a 31-27 Houston victory Sunday.

The week before, the Boston Patriots had intercepted six passes thrown by Blanda, slaughtered the Oilers 45-3 and moved into a first place tie in the Eastern Division of the American Football League.

The Oilers moved back out front alone with a 6-4 mark, as the Pats were dropped by the San Diego Chargers 7-6 in the other AFL Sunday game. Boston is 5-5.

Buffalo jumped into second place with a 5-4-1 slate, after a 27-17 victory over Denver Saturday night. The Bills have won five of their last six after a dismal start.

The Oakland Raiders handed the defending champion Kansas City Chiefs their fifth straight loss, 22-7, in a Friday night game.

In the National League, the New York Giants trimmed Philadelphia 42-14 while Cleveland lost to Pittsburgh 9-7 to throw the Eastern Conference into a tie. The Western Conference remained tied up as Green Bay trimmed Minnesota 28-7 and Chicago tripped Los Angeles 6-0 to keep pace. Other scores were St. Louis 24, Washington 20; Baltimore 24, Detroit 21, and San Francisco 31, Dallas 21.

Porkers Are Eliminated for Bowl Play

Undated Southwest Conference

By HAROLD V. RATLIFF
Associated Press Sports Writer

As if being the nation's No. 1 team, leading the Southwest Conference and facing an arch-rival weren't enough, Texas is burdened this week with a reminder that it also is fighting for the Cotton Bowl.

But anyway, there can be nothing else added and the Longhorns have indicated their backs are broad enough to haul

the four for one touchdown, his third of the game, and Blanda threw seven yards to Charley Hennigan for the other. The Jets got one touchdown back, but tried for a two-point conversion and failed.

the whole load down the November gridiron trail.

Texas Christian is the main concern since it carries all the other items with it. The Horned Frogs, who haven't been doing very well, have a better record than they did in 1961 when they knocked over Texas, then as now riding the No. 1 ranking in the country.

That season they had a 2-4-1 record. This time it's 3-3-1. Which, perhaps is a better chance for an upset although the record never has had anything to do with it when the Horned Frogs go hunting for their old enemies the Longhorns.

Nevertheless, the Frogs have an added incentive—they could knock Texas out on the Cotton Bowl, or at least make it more difficult.

Texas has only to beat Texas Christian Saturday and it will clinch the Cotton Bowl host spot. Then the Longhorns could get no worse than a tie for the conference championship and only

Baylor or Rice could tie them for it. Under the rules, Texas still would go to the Cotton Bowl because it would have a victory over the team with which it was tied.

Texas beat Rice 10-6 three weeks ago and Saturday took down Baylor 7-0 to insure itself the luxury of losing one and still being able to get into the Cotton Bowl.

Rice beat Arkansas 7-0 and stayed in the race, although it is in a virtual tie with Baylor for second and must still play that team.

Texas has won eight straight games, in fact hasn't lost a regular season contest since the TCU affair in 1961. Texas has a 5-0 conference record while Baylor is 4-1 and Rice 3-1 and everybody else is out of the race.

Texas Christian plays Texas at Austin Saturday while Rice clashes with winless Texas A&M at Houston and Arkansas gets with Southern Methodist at Dallas.

Baylor takes out for an inter-sectional clash, engaging Kentucky at Waco. Texas Tech, the other conference member, meets independent Texas Western at El Paso in a night game.

Texas Christian tried its hand at inter-sectional football last week and should have stood in bed. The Frogs frittered away a 28-14 decision to Louisiana State. Might have been looking ahead to Texas but probably would have lost anyway.

Southern Methodist trimmed Texas A&M 9-7 to pull out of the conference cellar and Texas Tech romped on Kansas State 51-13 in an inter-sectional clash. The league's record against outside foes now is 13-7 for the season.
